SUBJECT: MOSIS ID System ***New*** Version 8

This week we are upgrading the MOSIS ID System to Version 8. The upgrade will require a few hours where the MOSIS ID System will not be available. Beginning tonight at 6:00pm through tomorrow at noon you will not be able to access the MOSIS ID System.

In Version 8 the File Layout will remain the same for uploading batches. The new features of this version will provide a more user friendly display of student information throughout the system. For complete information please reference the User Guide for Version 8 at
